

Party SAFE

your guide to hosting responsible events

Everyone wants to throw a great party, learn how to do it right!

Nobody wants a police visit, a complaint from the neighbors, or a medical emergency. Learn how to make your next event safe and worry free with Party Safe!

Party Safe is a free online program that covers necessary steps party hosts can take to deal with problems that arise, or avoid them altogether. Key topics include general party safety, alcohol and your party, preventing MIP's, and plans to address intoxicated individuals.

The training takes about 25 minutes to complete, followed by a short quiz. A certificate is awarded for students who pass with an 80% or better.

**Missouri college students know that
a designated driver is someone
who has not had any alcohol.**

Always use a 100% sober designated driver.
